WHEREAS the Minister of Transport reports as follows:

That section 31 of the Canadian National Railway Act reads as follows:

31. The National Company may, with the approval of the Governor in Council, acquire, hold, guarantee, pledge and dispose of shares in the capital stocks, bonds, notes, securities or other contractual obligations whatsoever of any railway company or of any transportation, navigation, terminal, telecommunication, express, hotel, electric or power company or of any other company authorized to carry on any business incidental to the working of a railway, or any business which in the opinion of the Board of Directors may be carried on in the interest of the National Company.

That the Canadian National and the Province of Nova Scotia propose to participate equally in a new company called Autoport Limited, which will acquire and operate a vehicle terminal at Eastern Passage on the east side of Halifax Harbour.

That the terminal at Eastern Passage will have facilities for the trans-shipment of up to 100,000 vehicles per year and with related services will provide employment for approximately 65 persons.

That the Canadian National has obtained from Industrial Estates Limited (a Crown Corporation of the Province of Nova Scotia) an option to purchase a property of 34.08 acres and all buildings thereon at a price of \$1,500,000, which option, it is proposed will be assigned to Autoport Limited. A deposit of \$75,000 has been paid

- 2 -

on account by CN and the balance of the purchase price will be borrowed by Autoport from a chartered bank at a rate close to the prime lending rate. Canadian National and the Province of Nova Scotia as Shareholders of Autoport Limited will each guarantee one half of the payments of principal and interest of the said loan.

That the property at Eastern Passage will require a number of improvements to convert it to an efficient vehicle terminal. These improvements include construction of a wharf, construction of a private siding, modifications to buildings, installation of pre-delivery servicing equipment and general site improvements. The Option Agreement contemplates that when the option is exercised, IEL may finance these improvements and an application will be made to IEL for such financing. The financing of these improvements will require guarantees by the Canadian National and the Province of Nova Scotia.

That the cost of the property, improvements and working capital for Autoport Limited may amount to, but will not exceed a total of \$4,000,000. This will be financed from a chartered bank loan of \$1,425,000 to Autoport, the issuance of \$10,000 in shares in equal amounts of \$5,000 to Canadian National and the Province of Nova Scotia, and \$2,565,000 in direct loans from, and the issuance by Autoport of obligations guaranteed by, Canadian National and the Province of Nova Scotia.

That the proposal has been considered and approved by the Canadian National Railways Board of Directors.

THEREFORE, HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL, on the recommendation of the Minister of Transport with the concurrence of the Minister of Finance, pursuant to section 31 of the Canadian National Railways Act, is pleased hereby to approve the purchase by Canadian National Railway Company of up to 5,000 shares of par value of \$1.00 each to be initially issued by Autoport Limited and to approve the acquisition and guarantee by the Canadian National Railway Company of contractual obligations of Autoport Limited, the total of each purchase, acquisition and guarantee not to exceed \$2,000,000.

SCHEDULE OF TERMS AND CONDITIONS

SMALL FARM DEVELOPMENT PROGRAM

1. Purposes of Program

1. To facilitate land transfers toward the development of economically-viable, family farms;
2. To assist owner-operators of small farms to realize on their equity in their farm holdings and adjust to other pursuits;
3. To remove low-capability land from agriculture and facilitate its transfer to approved alternate uses.

2. Definitions - for the purposes of this Program:

- (a) "Agency" means the Farm Credit Corporation.
- (b) "Agreement for Sale" means a contract in writing whereby a vendor agrees to sell and a purchaser agrees to purchase farm land together with appurtenances thereto for valuable consideration repayable by the purchaser over a period greater than one (1) year with the concurrent right in the purchaser to possession and use upon terms and conditions more particularly set out in the contract, and shall include a Sale on Terms under the laws of the Province of Quebec.
- (c) "Annuity" means the monthly sum payable to the vendor and, upon his death, to the designated beneficiary for a fixed period (term-certain) in consideration of a gross sum to which the vendor is entitled as his equity in a property sold or as a vendor assistance grant or as a combination thereof. The interest rate payable to the annuitant on the gross sum shall be that rate paid by the Agency on its borrowings under the Farm Credit Act at the time the annuity is granted.
- (d) "Application"
 - (i) in respect of a vendor means application, in a form prescribed by the Agency, for vendor assistance grant;
 - (ii) in respect of a purchaser means application, in a form prescribed by the Agency and accompanied by a \$10.00 application fee, for special credit assistance pursuant to agreement for sale.
- (e) "Assistance Grant" means a grant approved by the Agency payable to an eligible vendor in the form of a lump-sum payment or an annuity.

- (f) "Date of Commencement" means April 1st, 1972.
- (g) "Eligible Vendor" means a person who on the date of commencement is the owner, or purchaser under agreement for sale, or is equitably entitled to ownership by inheritance, of an uneconomic farm and has as his principal occupation the operation of that farm; offers and sells, for the purposes of this program, substantially all of his farm land; demonstrates to the satisfaction of the Agency that he has an alternative means of livelihood, other than potential welfare assistance, to maintain himself and his dependents in a manner equal or superior to that being realized from the farm; and who agrees not to become a self-employed farm operator in the future unless moving from an uneconomic situation to a potentially-economic farm business.
- (h) "Land Transfer" means the sale of farm land in accordance with the purposes of this program.
- (i) "Market Value" means the amount of money a willing and informed buyer would pay to a willing and informed seller on usual terms and conditions in a competitive market when neither party was acting under abnormal pressure.
- (j) "Minister" means the Minister of Agriculture.
- (k) "Principal Occupation" has the same meaning as it is given in the administration of the Farm Credit Act.
- (l) "Purchaser Eligible for Special Credit Assistance" means a Canadian citizen or landed immigrant who, at the time of application, is the owner, purchaser under an agreement for sale or tenant for a period of not less than three years, and the operator of a farm; has as his principal occupation the operation of that farm; has assets not exceeding \$60,000 as determined by the Agency; is prepared to purchase, consistent with the purposes of the program, additional land such that the consolidated farm unit will in the opinion of the Agency have sufficient land, labour and capital under his management to be a viable commercial farm; makes application for special credit assistance and accepts all terms and conditions of agreement for sale as prescribed by the Agency.

...

- (m) "Sale Price" means the actual price received by a vendor for his farm.
- (n) "Special Credit Assistance" means the sale of farm property by the Agency under an agreement for sale which does not obligate the purchaser to mortgage his other assets.
- (o) "Uneconomic Farm" means a farm that, in the opinion of the Agency, is of such size and level of productivity that, under normal management and expected market conditions, it would not return to the operator sufficient net income to provide a reasonable level of living to the farm family, after providing for repayment of a mortgage loan equal to 75 per cent of its appraised productive value, and is subject to such other criteria as the Minister may prescribe.

3. Listing Service

To facilitate contact between prospective buyers and sellers, the Agency will provide a listing service.

A farmer who appears to meet the criteria as an eligible vendor may list his farm for sale with the Agency and such listings will be open to the public.

A prospective purchaser may list his requirements with the Agency, if his circumstances are such that purchase by him would not render the vendor ineligible for an assistance grant. Lists of prospective purchasers will be open to eligible vendors.

4. Assistance to Purchasers

In addition to the normal loan provisions of the Farm Credit Act, purchasers eligible for special credit assistance may be given the option of purchasing land available from eligible vendors, by means of an agreement for sale with the Agency. Under this option, the Agency may purchase land from an eligible vendor and resell it concurrently to the purchaser, at the price paid by the Agency, under an agreement for sale. In respect of sales not exceeding \$20,000, the purchaser will be required to make a down-payment of \$200, with the balance repayable over a period not in excess of 26 years at the interest rate in effect under the Farm Credit Act. In respect of sales exceeding \$20,000 the

level of down-payment will be as prescribed by the Minister. The purchaser shall not be required to encumber his other assets as security and, in the event of termination of the agreement for sale by mutual consent or by either party thereto, any loss to the Agency on the transaction shall not be recoverable from the purchaser.

If the price agreed upon between the eligible vendor and the purchaser is in excess of the Agency's estimate of market value, the purchaser shall be required to pay such excess from his own resources.

5. Assistance to Vendors

1. Assistance Grants

- A. The Minister may pay an assistance grant to each eligible vendor, in an amount of \$1500 plus 10 per cent of the actual sale price, to a maximum grant of \$3500, cash value, excepting that where the Agency is purchasing the farm without concurrent resale and at not more than 90 per cent of its estimate of market value or where an appraisal of the land being sold indicates that the reported price is substantially above the estimate of market value, the grant shall be \$1500 plus 10 per cent of Agency's estimate of market value, to a maximum grant of \$3500, cash value.
- B. The Minister shall not pay an assistance grant to an otherwise eligible vendor whose farm has been sold under any of the following circumstances:
 - (i) under another government-sponsored program where the vendor receives a subsidy in addition to and in relation to the sale price of his farm;
 - (ii) to a purchaser who intends to continue to operate the farm as a separate, uneconomic farm unit;
 - (iii) to an individual who is not a Canadian citizen or landed immigrant, or to a Corporation which, in the judgement of the Agency, is not controlled by shareholders who are Canadian citizens or landed immigrants.

- (iv) to a purchaser buying small farms for non-farm use not in accordance with provincial plans for development of the area.

2. Annuities

An eligible vendor will have the option of receiving his assistance grant in cash, or in the form of an annuity. Where the sale of the farm is financed by the Agency, an eligible vendor will have the option of receiving all or part of the monies payable to him, from the proceeds of the sale price of the farm and his assistance grant, in the form of an annuity.

An eligible vendor who has chosen to receive an annuity will, upon request during its term, be entitled to receive the current value of his annuity in cash.

3. Use of Farm Home

An eligible vendor may make arrangements with a purchaser to retain ownership, or the right of occupancy for himself and his spouse during their lifetime or for a specified period of time, of the farm home and a suitable surrounding area of land, and such arrangements shall not make him ineligible for an assistance grant.

4. Purchases for Later Resale

The Agency may purchase an uneconomic farm from an eligible vendor, where there is no other purchaser immediately available, at a price not in excess of 90 per cent of the Agency's estimate of its market value, where, in the opinion of the Agency, the land would have a reasonable chance of resale for farming purposes, within a reasonable period of time, at or near the purchase price.

Such purchases will be limited to a small percentage of the total sales by eligible vendors under the program. Priority for such purchases will be given to vendors who have suitable

alternative means of income immediately available, which would require them to move from the farm, and to vendors who are ready to retire and who, because of ill health or inadequate income, could not wait until a purchaser could be found.

6. Disposal of Land Acquired Without Concurrent Resale

Where the Agency has purchased land from an eligible vendor, without concurrent resale, it will endeavour to sell the land for farming purposes, as soon as feasible. Prospective purchasers who are eligible for Special Credit Assistance may purchase such land under an agreement for sale as provided under "Assistance to Purchasers". A purchaser eligible for Special Credit Assistance will be given priority over other prospective purchasers, providing he is willing to pay a price that is equal to the price paid by the Agency for the land.

7. Administrative Expenses of the Program

Expenditures for operation and maintenance associated with administration of the Small Farm Development Program, including policy development, information and counselling services, listing services and appraisals, are provided for under separate appropriation and do not form a part of these terms and conditions.
